LEGISLATION REQUEST FORM**

COMMITTEE ASSIGNMENT: City Development & Planning
DATE: 08/15/2016

TO: COUNCILMEMBERS

FROM: Leesa Perazzo

SUBJECT: Street Ceremonial Naming Procedure

Background Information:

See attached.

Evaluation/Analysis:

Recommendation:

LEGISLATION WILL BE PREPARED BY _____

Criteria for the Ceremonial naming of a portion of a City street

Any individual or organization may apply to the City to ceremonially name a City street, or portion thereof. City streets may only be ceremonially named after a prominent person. Such prominent person must be:

1. A real person
2. A person who has achieved prominence as a result of his or her significant, positive contribution to the United States of America, the City of Schenectady and/or a local community.

*Hoboken, NJ requires a person to be deceased for a minimum of five years.

The portion of the street proposed for ceremonial renaming must start and terminate in less than five blocks.

Do we want to limit it to portions of a street? The entire street?

Application guidelines and submission.

Applications and official petition forms are available in the City Clerk's office.

*Do we want to attach a fee to apply?

The applicant shall, after filing a completed application form and paying any applicable fees?

1. Obtain a minimum of 1,000 signatures in support of the proposal from legal residents of the City at large or signatures of at least 75% of the abutting property owners along the street proposed for ceremonial renaming.
2. Provide the City Clerk supporting information including a complete biography of the proposed honoree with references of substantiation: honors received, contributions to the national and/or local community.

Do we want to limit the time to turn in the application, signatures and supporting documentation?

Hoboken limits to 180 days.

The Clerk's office will submit the application and supporting documents to the City Council for review? Another entity?

Do we include notifying the neighborhood? Public hearing?

The Council may approve or deny application for a street name change upon determination of the best interest of the City. If Council denies the application, it is filed with no further consideration, and the subject name and street shall not be considered again under this police for a period of at least two years.

Names to be avoided:

- street names being duplicated from an existing street
- curse words or derogatory terms
- cumbersome, corrupted or modified names, discriminatory or derogatory names from the point of view of race, sex, color, creed, political affiliation or other social factors
- reuse of former street names

After Council approval of the ceremonially naming, the Signal and Traffic Division shall install the new name signs adjacent to the existing street name signs.

Do we need to include a provision for alerting:

- affected City, county, state and federal agencies
- general public
- emergency service organizations
- owners and occupants of all property abutting the street being renamed
- US Postal Service
